Organized in partnership with
Michigan State University
United States of America

&

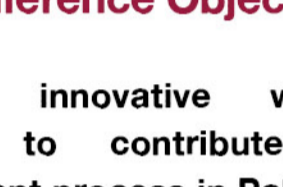

University of Al-Quds
Palestine

**International Scientific
Conference**

**Sustainable Territorial
development: a New
Approach for Development
Process in the Developing
Countries' Economies**

2021/7-14-13

In collaboration with the

Conference Objectives

1. Explore innovative ways and methods to contribute to the development process in Palestine. Use recommendations to form a roadmap for development strategies in the developing countries generally, and in Palestine, particularly.

2. Identifying and exploring different territorial approaches of development.

3. To study the efficiency and suitability of the territorial approach for the economy of developing countries in general and for the Palestinian economy in particular.

4. Highlighting private resources and how to organize the actors to benefit from them.

5. Rediscovering the role of geography and space; enhancing their place in the development process.

6. Strengthening academic cooperation between Palestinian and international universities.

Prof. Bernard Pecqueur
Grenoble Alpes University

Chairman of Preparatory Committee
Dr. Monia Mezyed
Israa University- Palestine, Gaza

Conference Secretary
Ibtisam Marzouq
Israa University- Palestine, Gaza

Important Dates

Abstract Submission:
April 15, 2021

Abstract Authors Notification:
April 25, 2021

Final submission papers Deadline:
June 1, 2021

Authors Notification:
June 20, 2021

Conference Date:
July 13-14, 2021

Referencing & Formatting Terms

Research paper should be on line with the tracks of the Conference.
Research paper must not have been published in scientific journals or presented at previous conferences.

Abstract must not exceed to 250 word.
Abstract includes name of the researcher, the title of the research paper, the importance and the Methodology of the search, the keywords, the tracks to which it belongs.

Attach a brief CV, a high - resolution profile picture with a paper Abstract.
The research paper must not exceed 10000 word.

Follow Scientific and Academic methodology in research writing.
Documentation of research paper body and reference by APA.

Please send abstracts, papers, and any inquiry to Conference Team at
